

Primavera online high school
an american virtual academy

Pre-enrollment Questionnaire

The goal at Primavera Online High School is for students to achieve academic success in the virtual environment. The staff at Primavera strives daily to personalize the experience of taking high school courses online. The purpose of this meeting is to review the student's previous educational experiences and to discuss the skills and commitment required to achieve online success. **Please answer the questions below and return to Karen Parker (kparker@primaveratech.org) before your scheduled preconference.**

Educational history

Describe the disability.

How does your disability effect what happens at school each day?

What obstacles exist that affect learning?

How long have you been receiving special education services?

In the past, have you received related services such as counseling or speech?

Have you ever received services during the summer?

What results are most commonly achieved in an independent learning situation?

What activities do you participate in outside of school?

Are you planning to earn a diploma with Primavera?

What long term goals do you have?

Technology

What kind of keyboarding skills do you have?

How much time do you spend on a computer each day?

Do you have reliable technology?

Do you have a quiet place to do school work each day?

What is the best time for you to complete course work each day?

Communication

Are you willing to initiate contact to instructors by phone and email?

Do you have willingness to attend online tutoring and classroom sessions for additional instructional support?

Are you self motivated, organized, and able to meet deadlines?

If yes, when have you exhibited these behaviors?

Parent Role

Attending online high school is a shared team endeavor between the student, parent and Primavera staff. Are you able to support the process each day by being a coach and mentor?

Are you willing to submit your child's attendance each week?

Are you willing to review student gradebook and course progress daily and weekly?

Do you have any concern about the communication systems in place to support student learning?

Any other questions you have regarding the online high school environment?
